For over 30 years, Bara has been designing and manufacturing wooden slatted bases only for bed and mattress producers.

## A large range of wooden slatted bases

Bara is able to supply a wide range of wooden slatted bases :

- Bed frames in kit
- Boxsprings / Slatted bases
- Electrically adjustable slatted bases

## Design and Personalization

We design and manufacture 100% customized bed bases, meeting our customer specific needs.

## Short delivery time all year round

Bara is able to deliver within a week when necessary throughout the year, thanks to its raw material stock representing one month's production.

## Quality and Experience

Our production is solely focused on bed bases. We exclusively buy first quality Scandinavian timber.

**With over 30 years experience in the bedding market we have built relationships with the highest quality suppliers of necessary component parts.**

## Environment friendly

Our bed bases are environmentally friendly. Indeed, our wood only comes from Scandinavian sustainably managed forests.
